

Optima's

patented SPI-
RALCELL

Technology in
its RedTop
batteries

immobilizes the
internal compo-

nents of the battery, enabling Optima
batteries to withstand incredible
amounts of vibration. RedTops are
available in three different configura-

tions depending upon your needs.
Perfect for towing your racecar or
even *in* your racecar. For more infor-

mation, visit
www.johnsoncontrols.com.
